About us

Swift Clearing and Logistics Limited are a clearing and logistics company whose primary line of business is the provision of import and export, freight clearing and logistics services as well as bonded and non bonded storage and warehousing.

VISION STATEMENT

To be the strongest and most trusted clearing and forwarding company within the Zambian and Central African region industry.

MISSION STATEMENT

Offering speedy and accurate top quality service to reduce costs and increase efficiency, whilst gaining customer and business partners' satisfaction.

Through our network of freight agents we cover all the major destinations in the world and have representation in every major city in Southern Africa. Due to our expertise and worldwide representation, we have a number of definite advantages in the logistical arena.

Our freight solutions are custom made specifically for your needs and it will never be expected of you to simply fit the mold. As we have a very close relationship with our network of freight representatives, answers to your questions and inquiries do not "get lost in the system".

We are able to achieve the most cost effective and efficient service globally on the basis that we provide our clients with the flexibility to facilitate service required at an affordable market related price. We are committed to honoring our agreements with our clients on time at all levels and to remain professional at all times. Honesty, transparency and objectivity in dealing with clients are non-negotiable at SCL. We have also developed a powerful contractor base which is both an empowerment initiative and beneficial to your organization. Each client is treated individually and offered real time management solutions pertinent to their organization. We give you piece of mind to focus on your core business, while we manage your customs clearing, warehousing, freight and haulage. When it comes to warehousing, distribution and fulfillment, most businesses offer services that only cover parts of the supply chain. In contrast, SCL offers transportation management solutions that encompass services of all modes.

Whether your needs are less than truckload, full truckload, international air & ocean freight, or multi-modal (including rail, domestic air, expedited, and many more), we work with you to develop complete solutions to best optimized your supply chain.
